Chemistry: Matter and Its Changes By James E. Brady, Fred Senese

The student-friendly style of the book makes the content accessible without sacrificing either breadth or depth of coverage. The text's informal writing style, emphasis on problem solving, and state-of-the-art media package make this book an ideal fit at schools with large class sizes and a wide range of student abilities and backgrounds. The authors' goal was to create a complete package (text + media + supplements) which would challenge the better-prepared students and provide support to the lesser prepared students, giving ALL students a chance to succeed. 4e welcomes a new co-author Fred Senese, Frostburg State University, the creator of the award-winning General Chemistry Online and Ask Antoine (the most hit general chem web resource in the world with over 15 million hits/year). In addition to creating the new Brady/Senese website, he has also worked with Jim Brady to do significant revisions in the text.

Editorial Review

Review

"I feel it would make an excellent addition to any chemistry department's coffee table text."(Education in Chemistry, September 2001)

From the Back Cover

All students are not the same!

Finally, an interactive website that treats each students like an individual!

The new Brady/Senese 4eth Edition companion website provides the value-added support that instructors and students want and need. Powered by Wiley's EduGen system, this site includes a vast array of high-quality content.

HOMEWORK MANAGEMENT

Over 1,300 online homework problems from the text are available in a powerful online homework management environment that automates the process of assigning and grading homework, quizzes, and exams.

INTERACTIVE DIALOGS

Almost 400 interactive dialogs provide deep coverage of difficult concepts via alternative methods of presentation. The frequent, detailed, and individualized feedback helps students with a variety of learning styles to be successful in the course.

www.wiley.com/college;brady

SELF ASSESSMENT

A bank of over 600 quiz questions offers instant feedback for students to check their comprehension. The feedback is based on the common errors students are likely to make in problem solving.

INTERACTIVE LEARNINGWARE

70 Interactive LearningWare problems walk students through problem-solving tutorials. The problems are drawn from the text.

E-TEXT

An online version of the entire textbook is also available with hyperlinks to valuable interactive content.

And there's lots more! You'll need to see it to believe it.

About the Author

Written by Jim Brady, an author well known for his ability to communicate chemistry, and Fred Senese, the architect of the most visited general chemistry website.

Users Review

From reader reviews:

Luis Acosta:
