London: The Information Capital: 100 Maps and Graphics That Will Change How You View the City

By James Cheshire, Oliver Uberti

London: The Information Capital: 100 Maps and Graphics That Will Change How You View the City By James Cheshire, Oliver Uberti

When do police helicopters catch criminals? Which borough of London is the happiest? Is "czesc" becoming a more common greeting than "salaam"? Geographer James Cheshire and designer Oliver Uberti could tell you, but they'd rather show you. By combining millions of data points with stunning design, they investigate how flights stack over Heathrow, who lives longest, and where Londoners love to tweet. The result? One hundred portraits of an old city presented in a very new way.

Editorial Review

Review
The book is infinitely compelling, one you'll return to time and again, and full of 'wow, you have to see this' moments. It reinforces the notion that information really can be beautiful... Londonist This is London as you've never seen it before Independent You know how you've always wanted a coffee-table book that translates lots of complex social data about London into a series of gorgeously illustrated infographics? Well it's finally arrived. Time Out Brilliantly compelling...The Information Capital is a tour de force in the modern use of graphics to make a point London Evening Standard A monumental work... Its pages are to dip into, to linger over and to return to time and again. It's hard to imagine tiring of them. Management Today You can only imagine and get a sense of how much research and data collection must have been behind this project. It is a fascinating dissection of London life as we know it The London Magazine Fascinating London Evening Standard A witty, well-written, well-designed view of the city, with enlightening and often surprising perspectives New Scientist
