## Plato's Ethics By Terence Irwin

This exceptional book examines and explains Plato's answer to the normative question, "How ought we to live?" It discusses Plato's conception of the virtues; his views about the connection between the virtues and happiness; and the account of reason, desire, and motivation that underlies his arguments about the virtues. Plato's answer to the epistemological question, "How can we know how we ought to live?" is also discussed. His views on knowledge, belief, and inquiry, and his theory of Forms, are examined, insofar as they are relevant to his ethical view. Terence Irwin traces the development of Plato's moral philosophy, from the Socratic dialogues to its fullest exposition in the *Republic*. *Plato's Ethics* discusses Plato's reasons for abandoning or modifying some aspects of Socratic ethics, and for believing that he preserves Socrates' essential insights. A brief and selective discussion of the *Statesmen*, *Philebus*, and *Laws* is included. Replacing Irwin's earlier *Plato's Moral Theory* (Oxford, 1977), this book gives a clearer and fuller account of the main questions and discusses some recent controversies in the interpretation of Plato's ethics. It does not presuppose any knowledge of Greek or any extensive knowledge of Plato.

### Editorial Review

#### Review

"Many will regard the new work as one of the better places to begin their background reading on the ethics of Plato....Recommended."--*Choice*

"*Plato's Ethics* is a model of how to enter into another's mind by making full use of one's own. Reflective readers will gain many insights into Plato's philosophy, and into the art of doing ancient philosophy."--*Ancient Philosophy*

"...*Plato's Ethics* is an exceptionally coherent and cogent book. Its arguments set a standard of clarity worthy of emulation by champions and critics alike, and I suspect this book will appear as a regular entry in bibliographies for some time,"--E.E. Benitez, *The Review of Metaphysics*

"*Plato's Moral Theory* was one of the classic works of ancient philosophy scholarship of this century and *Plato's Ethics* should be at least as influential. Its clarity, rigor, and philosophical sophistication and imagination are rarely matched even by the best work in the history of philosophy."--*The Philosophical Review*

#### About the Author

**Terence Irwin** is Professor of Philosophy at Cornell University and author of several books on ancient philosophy, including *Classical Thought* (Oxford, 1988), *Aristotle's First Principles* (Oxford, 1988), and *Aristotle's Nicomachean Ethics* (1985).

### Users Review
