The Routledge History of Terrorism (Routledge Histories) From Routledge

Though the history of terrorism stretches back to the ancient world, today it is often understood as a recent development. Comprehensive enough to serve as a survey for students or newcomers to the field, yet with enough depth to engage the specialist, *The Routledge History of Terrorism* is the first single-volume authoritative reference text to place terrorism firmly into its historical context.

Terrorism is a transnational phenomenon with a convoluted history that defies easy periodization and narrative treatment. Over the course of 32 chapters, experts in the field analyze its historical significance and explore how and why terrorism emerged as a set of distinct strategies, tactics, and mindsets across time and space. Chapters address not only familiar topics such as the Northern Irish Troubles, the Palestine Liberation Organization, international terrorism, and the rise of al-Qaeda, but also lesser-explored issues such as:

- American racial terrorism
- state terror and terrorism in the Middle Ages
- tyrannicide from Ancient Greece and Rome to the seventeenth century
- the roots of Islamist violence
- the urban guerrilla, terrorism, and state terror in Latin America
- literary treatments of terrorism.

With an introduction by the editor explaining the book's rationale and organization, as well as a guide to the definition of terrorism, an historiographical chapter analysing the historical approach to terrorism studies, and an eight-chapter section that explores critical themes in the history of terrorism, this book is essential reading for all those interested in the past, present, and future of terrorism.

Editorial Review

Review

"Virtually any student of this form of political violence will find much of interest in this volume...Although presented as a work of history, the book ends with excellent thematic chapters on subjects such as new media, technology, and the fictionalization of terrorist narratives. Valuable as a compendium and as a reference work, this wonderful compilation is a worthwhile addition to any personal or institutional collection. Summing Up: Highly recommended."

M. O'Gara, *Rocky Mountain College, CHOICE*

"The historical study of terrorism has come of age. Randall Law's skillfully edited collection follows the spectacle of terror from ancient to recent times, recounting how symbolic violence against the few has long been used to communicate messages to broader audiences. Whether at the hands of state or non-state actors, driven by secular or religious beliefs, or involving real threats or imagined dangers, terrorism has been a strategy best grasped in its historical contexts. Meticulously detailed and sweepingly synthetic, *The Routledge History of Terrorism* is an essential guide for students and an indispensable resource for researchers and anyone who cares about this burning issue of our day."

Julian Bourg, *Boston College, USA*

"Exceptionally rich and sophisticated in analysis, *The Routledge History of Terrorism* is a much needed addition to the currently available literature on the subject and deserves to be read not only by students and academic specialists but also by security analysts, policy makers and general readers."

George Kassimeris, *University of Wolverhampton, UK*

About the Author

Randall D. Law is Associate Professor of History at Birmingham-Southern College in Birmingham, Alabama, where he teaches courses on Russia, Modern Europe, and terrorism. He is the author of *Terrorism: A History* (2009) and is frequently interviewed by national and international reporters on matters related to terrorism and Russian politics. His current research is on terrorism, violence, and criminality in the city of Odessa in the Russian Empire in the early twentieth century.

Users Review

From reader reviews:

Timothy Brown:

As people who live in the modest era should be up-date about what going on or data even knowledge to make all of them keep up with the era which can be always change and move forward. Some of you maybe will update themselves by examining books. It is a good choice in your case but the problems coming to an

individual is you don't know what type you should start with. This The Routledge History of Terrorism (Routledge Histories) is our recommendation so you keep up with the world. Why, because this book serves what you want and wish in this era.

Edith Macklin:
