Former Army Ranger Tucker Wayne and his war dog Kane are thrust into a global conspiracy that threatens to shake the foundations of American democracy in this second exciting Sigma Force spinoff adventure from *New York Times* bestselling authors James Rollins and Grant Blackwood.

Tucker Wayne's past and his present collide when a former army colleague comes to him for help. She's on the run from brutal assassins hunting her and her son. To keep them safe, Tucker must discover who killed a brilliant young idealist—a crime that leads back to the most powerful figures in the U.S. government.

From the haunted ruins of a plantation in the deep South to the beachheads of a savage civil war in Trinidad, Tucker and Kane must discover the truth behind a mystery that leads back to World War II, to a true event that is even now changing the world . . . and will redefine what it means to be human.

With no one to trust, they will be forced to break the law, expose national secrets, and risk everything to stop a madman determined to control the future of modern warfare for his own diabolical ends. But can Tucker and Kane withstand a force so indomitable that it threatens our very future?

Editorial Review

From Publishers Weekly

Former Army Ranger Tucker Wayne and his canine partner, Kane, face a new state-of-the-art threat in bestseller Rollins and Blackwood's inventive sequel to 2014's *The Kill Switch*. Global media magnate Pruitt Kellerman seeks to destabilize political hot spots and murder those in his way with a fleet of military drones. Secret teams under his control use research stolen from famed WWII cryptanalyst Alan Turing to develop drones capable of thinking autonomously, hacking enemy computer systems, and instigating chaos with social media disinformation. Tucker leads a team of intelligence analysts who race to decrypt the drones' malicious code. The action ranges from the swamps of Alabama and New Mexico nuclear test sites to the beaches of Trinidad and the mountains of Serbia. Kane, a Belgian Malinois, is the standout character, more than just a plot device and never anthropomorphized. His point-of-view chapters reveal his loyalty, fear, intelligence, and even a desire for revenge. Kane's a good boy! Agent: Russell Galen, Scovil Galen Ghosh. (Apr.)

Review

"[A]nother outstanding adventure. Fans of Tom Clancy, Brad Thor, or Rollins' previous titles will enjoy this, and hopefully Wayne and Kane will appear again, perhaps in the next Sigma Force title." (Booklist on WAR HAWK)

"Kane, a Belgian Malinois, is the standout character, more than just a plot device and never anthropomorphized. His point-of-view chapters reveal his loyalty, fear, intelligence, and even a desire for revenge. Kane's a good boy!" (Publishers Weekly on WAR HAWK)

From the Author

About James Rollins

JAMES ROLLINS is a #1 New York Times bestselling author of international thrillers that have been translated into more than forty languages. Known for unveiling unseen worlds, scientific breakthroughs, and historical secrets, Rollins' knack for breakneck pacing and stunning originality has been hailed by critics and embraced by scores of millions of readers around the world.

The Critics Rave

The New York Times says that his "roguish charm comes from his efforts to persuade readers the story is credible [through] real-life sources for his novel's science, history and geography." Rollins' rare blend of action, suspense, and knowledge was also mentioned by the Huffington Post, which stated that "After Crichton passed away in 2008 he clearly passed the baton to James Rollins, who like Crichton, is a renaissance man."

NPR calls his work "adventurous and enormously engrossing..." and the New York Journal of Books had this to say: "If you're a fan of smart, entertaining adventure fiction, this is your summer beach read writ large....All the science, all the history, and all the locations are masterfully intertwined. The characters are multi-dimensional. And the story is, well, a corker."

The Story Teller's Story

As a boy immersed in the scientific adventures of Doc Savage, the wonders of Jules Verne and H.G. Wells, and pulps such as *The Shadow*, *The Spider*, and *The Avenger*, James Rollins decided he wanted to be a writer. He honed his storytelling skills early, spinning elaborate tales that were often at the heart of pranks played on his brothers and sisters.

Before he would set heroes and villains on harrowing adventures, Rollins embarked on a career in veterinary medicine, graduating from the University of Missouri and establishing a successful veterinary practice. This hands-on knowledge of medicine and science helps shape the research and scientific speculation that set James Rollins books apart.

Explosive Page-Turning Adventures

The exotic locales of James Rollins novels have emerged as a hybrid between imagination, research, and his extensive travels throughout the United States and Europe, as well as New Zealand, the South Pacific, China, Southeast Asia, Africa, Australia, and South America. Recent jaunts include book tours and stops across the country and several European nations to give talks, seminars, and media interviews. In recent years, much of James' travel has involved meeting readers in small and large groups, at writing and fan conferences, and even aboard seagoing "seminars." James' mentoring and coaching skills have made him a sought after writing instructor and guest speaker for workshops, symposia, conventions, and other forums throughout the country.

James Rollins is the author of nine thrillers in the bestselling Sigma Force series (*Sandstorm*, *Map of Bones*, *Black Order*, *The Judas Strain*, *The Last Oracle*, *The Doomsday Key*, *The Devil Colony*, *Bloodline*, and *The Eye of God*); six individual adventure thrillers; and the Jake Ransom middle grade series (*Jake Ransom and the Skull King's Shadow*, *Jake Ransom and the Howling Sphinx*.)
