Editorial Review

From Publishers Weekly

One might think that a book containing Playboy mogul Hefner's sex tips, musings and memories would be racy, bawdy, or at the very least engrossing—but there's little that's particularly sexy or insightful in this slim volume. Hefner and coauthor Zehme narrate in an off-putting third-person (presumably to allow Hefner to be referred to as "the master," and to allow for such sentences as "And so one man created two houses and all men would forever want to go to these houses, to be inside," and "He is remarkable in his ability to stay friends with former lovers, and inspiring as well..."). Even the sex stories are pretty tame by today's standards—with videos of celebrity couplings readily available online, will any reader be shocked to read that Hefner has had sex with multiple partners simultaneously? Little revelations, such as the translation of the Latin plaque outside his ballroom ("If you don't swing, don't ring") or Hef's baby-oil fetish ("Row upon row of Johnson's baby oil bottles standing sentry, awaiting the master's next urge") fail to titillate.

Interspersed with happy recollections of rotating beds, Mansion Movie Nights and famous pals are ersatz pearls of Hefner wisdom ("Your pad—or your crib, as it's now called—is key"), and sidebars on everything from reading a woman by her hair color (brunettes make suitable wives and mothers, while blondes and redheads are mysterious and dangerous) to "Hef's Music to Woo By." Only Hef's fans—and certainly there are many—will appreciate this. 80 full-color photos.

Review

"[A] breezy, charming chronicle...Both gracious and unapologetic about Hef's...otherworldly existence....Striking." (Time Out New York)

From the Back Cover

Nearly six decades ago, Hugh Marston Hefner created *Playboy* magazine, which effectively ignited America's sexual revolution. The greatest living symbol of the Good Life, Hef created a world for himself that most men have yearned to inhabit, if only briefly, just to know what it's like to be him. In *Hef's Little Black Book*, this universally envied international icon offers a treasury of his often wry and heartfelt wisdom as it applies to the realms of romance, hedonism, ambition, business—and, of course, sex.

Accompanied by tantalizing never-before-seen photographs from his vast private archive, *Hef's Little Black Book* is the gateway to Hugh Hefner's irresistibly beguiling world. If you don't swing, don't ring—lingerie and pajamas optional.

Users Review

From reader reviews:

Agnes Higa:

This Hef's Little Black Book usually are reliable for you who want to be described as a successful person, why. The reason of this Hef's Little Black Book can be among the great books you must have is giving you more than just simple examining food but feed a person with information that probably will shock your preceding knowledge.
