The super-manual for Miata owners. The author has personally dismantled and reassembled a Miata, taking step-by-step pictures of all procedures. This, combined with his personal interest in the Miata and his years of writing and editing Haynes manuals, makes him uniquely qualified to write the best Miata 1.8-liter shop manual available to date. Coverage includes maintenance, repairs, modifications and improvements to all 1.8-liter Miatas from 1994-1997 (the second-generation Miata launched for 1999 is not covered).

### **Editorial Review**

#### **About the Author**

Rod Grainger, the Publisher at Veloce, has been involved with automotive publishing for forty years, and has written a number of car-related books including several workshop manuals. Rod thought the design and concept of the Mazda MX-5 was inspirational and that it would attract owners interested in maintaining, repairing and improving their cars. Also that such owners would appreciate a different kind of technical manual, one aimed at enthusiasts and written in a friendly, jargon-free, even humourous manner.
