### Editorial Review

#### Review

"Even from the outset, this book captures the reader's attention. Rather than ruminating on how to be inspired, it launches straight into a short tutorial on how to make a simple but effective journal of your own using watercolour paper and adhesive canvas paper. It is to the point and perfect for warding off procrastination about how to get started. I found this part of the book made such sense that I made one immediately. It took me a couple of minutes tearing, folding, sticking and I was there. You start with something so simple you can't talk yourself out of it and then you have the perfect canvas to start looking at each lesson." --*Workshop on the Web*
