## Embraced by the Light: The Most Profound and Complete Near-Death Experience Ever By Betty J. Eadie, Curtis Taylor

**#1 NEW YORK TIMES BESTSELLER • The groundbreaking account of life after death that has become a source of comfort, inspiration, and solace to millions**

*“I felt a surge of energy, and my spirit was suddenly drawn through my chest and pulled upward. My first impression is that I was free. . . .”*

On the night of November 19, 1973, following surgery, thirty-one-year-old wife and mother Betty J. Eadie died.

This is her extraordinary story of the events that followed, her astonishing proof of life after physical death. She saw more, perhaps than any other person has seen before and shares her almost photographic recollections of the remarkable details.

Compelling, inspiring, and infinitely reassuring, her vivid account gives us a glimpse of the peace and unconditional love that awaits us all. More important, Betty's journey offers a simple message that can transform our lives today, showing us our purpose and guiding us to live the way we were meant to—joyously, abundantly, and with love.

### Praise for *Embraced by the Light*

“The most detailed and spellbinding near-death experience I have ever heard.”—**Kimberly Clark-Sharp, president, Seattle International Association of Near-Death Studies**

Amazon.com Review

*Embraced by the Light* is an inspirational map of the afterlife framed in the moment of Eadie's death, and presents a possible answer to the big question, "Why are we here?" An easy read, its subtitle could have been "The Average Person's Guide to Near-Death Experiences." Although heavily filtered through Eadie's Christian worldview, her vision of the afterlife does not include a wrathful deity, but a figure of love and compassion. Some readers may find Eadie's repeated Christian references bothersome, and *Embraced by the Light* will undoubtedly raise a lot of questions along the lines of "What about reincarnation?" and "What happens to people who are not Christians?" --*Brian Patterson*

From Library Journal

Eadie died at age 31 after surgery. During the time she was clinically dead, she alleges to have traveled through the spirit realm learning about the laws of nature and the history of the universe. The angels and other spiritual beings explained to her the reasons why different individuals chose to be on the earth and to accomplish certain acts. Her vision includes insights into the question, "Why are we here?" Our souls chose to come to the earth at certain times to be united with families that we had been soul mates with earlier in the spiritual realm, she explains. Perhaps her most intriguing insight regards the fall of humankind. "Eve did not sin because she was tempted but because she so desperately wanted to become the mother of mankind," she states. Much of her story is similar to other near-death experiences. However, she obviously includes many of her personal views about religious philosophy. Her use of mythical elements detracts from the credibility of her story. A better source on this topic is the works of Raymond A. Moody (e.g., *Near Death Experiences*, Sounds True Recordings, 1991). -- *Ravonne A. Green*, Emmanuel Coll. Lib., Franklin Springs, Ga.
