## **Editorial Review**

From Kirkus Reviews

Even the awkward style here (a choppy, breathless tone is exacerbated by the relentless use of fragments and single-sentence paragraphs) conveys the excitement of Lindbergh's historic flight at the age of 25, but Wimmer's double-spread paintings steal the show: from the first glimpse of the aircraft through an arch formed by the pilot's determined-looking legs, they capture the feel of the cabin, the beauty of sea and sky, the drama of the nighttime arrival--all in impressionistic paintings peopled with realistic portraits, most notably of the weary hero appealingly sprawled in sleep on the last page. A book that brings new life to one of the stories of the century. (Nonfiction/Picture book. 4-11) -- *Copyright ©1991, Kirkus Associates, LP. All rights reserved.*
