The Deep Zone: A Novel (with bonus short story Lethal Expedition) (Hallie Leland) By James M. Tabor

“Deep-earth adventure, scintillating science, and cutthroat intrigue collide with thrilling results that left me breathless and awed. . . . Truly impressive.”—James Rollins

Burned by her own government in a trumped-up scandal, brilliant microbiologist Hallie Leland swore she'd never return to the world of cutting-edge science and dangerous secrets. But a shocking summons from the White House changes all that. A mysterious epidemic is killing American soldiers in Afghanistan—and poised for outbreak in the United States and beyond. Without the ultrarare organism needed to create an antidote, millions will die. Hallie knows more about “Moonmilk” than anyone—but it can be found only at the bottom of the deepest cave on Earth. To get there, she and her team of experts must brave a forbidding Mexican jungle crawling with drug cartels, federales, and murderous locals. And in the supercave await far greater terrors: flooded tunnels, acid lakes, bottomless chasms, mind-warping blackness—and a cunning assassin with orders to make the mission a journey of no return.

“Just like the perilous cave that serves as its backdrop, this story is dark and terrifying—but with a light at its end. The book should come shrink-wrapped with a seat belt.”—Steve Berry

“Brings a new meaning to ‘frightening.’”—The Star-Ledger

Don't miss James M. Tabor's short story “Lethal Expedition” and a sneak peek of his new novel, *Frozen Solid*, in the back of the book.

A Letter from Author James M. Tabor

Naming Names

If I had to sum up *The Deep Zone*'s protagonist in two words, they would be "beautiful" and "indomitable." How do you name someone like that? Serendipity works in strange ways. Long before I wrote *The Deep Zone*, I was sitting on a stool next to Emmy Lou Harris in a bar where she was playing and I was working. On her lap she held a child. She said, "This is my daughter, Hallie. Hallie, this is Jim."

"Hello, Hallie," I said. "I love that name. It was my mother's name, too."

"That's nice," Hallie said. She was about five and radiated the same heavenly, ethereal beauty that marked her mother's music.

"Would you mind keeping Hallie company while I do the next set?" Emmy Lou asked.

"My pleasure," I said. "Is it okay if Hallie has a Coke?"

"Orange juice, please," Emmy Lou said, and OJ it was.

Emmy Lou led off with "Queen of the Silver Dollar," which always made me want to cry. Hallie and I played a game with straws. That was the extent of my relationship with Emmy Lou Harris and the beautiful Hallie. But such things stay with you, especially if a couple of months later you see Emmy Lou on the cover of *TIME*.

A few years after playing straw games with Hallie while her mother sang songs that made even hard saloonists weep, I was a cop on the streets of Washington, D.C. My commanding officer was Lt. Joyce Leland, as remarkable—and indomitable—a woman as any I ever met. Proof: at a time when there were few women cops, let alone commanders, she retired as *Deputy Chief* Joyce Leland.

Fast forward some decades to an author in search of the right name for his beautiful, indomitable heroine. There it was: *Hallie Leland*. Thank you, serendipity.
