### Editorial Review

From School Library Journal

Gr 9 Up—With the rapture predicted by the Church of America having passed, Vivian and Harpreet are two of the few who know the truth: that the rapture was staged and the believers who were chosen are either missing or dead. Can they stop Pastor Frick and the church's mad grab for power and control over society? Or will this rapture really be the beginning of the end. Vivian and Harpreet are idealistic teens who will stop at nothing to reveal the truth in this sequel to *Vivian Apple at the End of the World* (HMH, 2015). The characters are well rounded and believable and represent multiple personalities and ideologies. The plot is fast paced but difficult to follow for newcomers to the series. Religion—the lack of faith or unwavering belief in it—is a central component to the story line. Readers will be questioning their own belief systems and asking themselves just how far they would go to uncover the truth. Fans of the first volume will want to read this thought-provoking continuation. VERDICT A great addition to YA collections.—Elizabeth Speer, Weatherford College, Weatherford, TX

Review

"Like its prequel, Katie Coyle's ostensibly YA novel *Vivian Apple Needs a Miracle* examines pretty heavy themes — spirituality, faith, love, and how doing the right thing can be really hard, but that doesn't mean you shouldn't do it."

—*Cosmopolitan*

"An utterly chilling look at what happens when a dying world so desperately wants to believe in anything to survive."

—*MTV.com*

"The characters are well rounded and believable and represent multiple personalities and ideologies...Readers will be questioning their own belief systems and asking themselves just how far they would go to uncover the truth."

—*School Library Journal*

"Coyle adeptly handles an exceptionally multifaceted plot, easily seguing from snarky social criticism to heart-pounding action to stomach-fluttering romance, creating a breathless whirlwind that keeps the pages flying until the very end. A distinctive, complex, and thoughtful page-turner certain to leave readers clamoring for more."

—*Kirkus*

"Unpredictable and unique, this book will leave readers in awe, aspiring to be as brave and graceful as Vivian Apple herself."

—*VOYA, Teen Reviewer*

"Nonstop twists and breathless action flirt with crossing the line into absurdity, but that's just part of this sequel's appeal. Fans shouldn't hesitate to continue Viv's quest along with her, and they'll be satisfied with how her mission to save humanity from fear-fueled delusion plays out."

—*Horn Book Magazine*

"As before, Coyle takes an intriguing premise, covers it with questions of faith and loyalty, adds a gallon of

cynicism, and keeps it moving...Along with the questions about religion and consumerism that are in the forefront of the girls' quest, tucked away are important insights about human nature."

**—Booklist**

\* "Coyle dials back the urgency of her debut, adopting a more languid pace while still delivering plenty of action...As Vivian and harp attempt to solve the mystery of the faked Rapture in an effort to expose the Church as a fraud, Coyle again offers searing commentary on present-day religiosity and consumerism."
