**Juliet, Naked** By Nick Hornby

**From the beloved *New York Times*– bestselling author, a quintessential Nick Hornby tale of music, superfandom, and the truths and lies we tell ourselves about life and love.**

Nick Hornby returns to his roots—music and messy relationships—in this funny and touching novel that thoughtfully and sympathetically looks at how lives can be wasted but how they are never beyond redemption. Annie lives in a dull town on England’s bleak east coast and is in a relationship with Duncan that mirrors the place; Tucker, once a brilliant songwriter and performer, has gone into seclusion in rural America—or at least that’s what his fans think. Duncan is obsessed with Tucker’s work to the point of derangement, and when Annie dares to go public on her dislike of his latest album, there are quite unexpected, life-changing consequences for all three.

Nick Hornby uses this intriguing canvas to explore why it is we so often let the early promise of relationships, ambition, and indeed life, evaporate. And he comes to some surprisingly optimistic conclusions about the struggle to live up to one’s promise.

## Editorial Review

From Publishers Weekly

Starred Review. Hornby returns to his roots: music, manic fandom and messy romance in his funny and touching latest, dancing between three perspectives on fame: a sycophantic scholar, an appreciative audience member, a fabled singer-songwriter who can't see what all the fuss is about. After cult musician Tucker Crowe vanished from the public eye 20 years ago, his small but devoted fan base built up a mythology around his oeuvre and the people and places associated with his storied life. Self-appointed Crowologist Duncan has indoctrinated his girlfriend, Annie, on the wonders of Tucker, but when Annie fails to recognize the genius of a newly released version of Crowe's classic album *Juliet*, their 15-year relationship quickly crumbles. Meanwhile, Duncan's glowing first review is increasingly de-bated, while Annie's deconstructive essay posted on the same Web site earns her a clandestine e-mail correspondence with the reclusive musician. Soon, their exchanges grow more personal; given that Tucker lives in an American backwater and Annie resides in a remote English town, both view their e-mails as a safe flirtation until the dissolution of Tucker's latest marriage and a crisis with one of his several neglected children brings him to Annie's side of the Atlantic. Through brisk dialogue and quick scene changes, Hornby highlights each character's misconceptions about his or her own life, and though Duncan, Annie and Tucker are consistently ridiculous and often self-destructive, they are portrayed with an extraordinary degree of sympathy. Tucker's status of Dylan by way of Salinger allows for an intriguing critique of celebrity fetishization and of the motives behind the eccentricity that comes along with fame. Obviously, this is a must-read for Hornby's fans, but it also works as a surprisingly thoughtful complement to the piles of musician bios and memoirs. (Sept.) From [The New Yorker](#)

Hornby's books are almost shamefully readable. They can suffer from simplistic premises and too many corny jokes, but his characters are always richly, sympathetically drawn. In this novel of aging, love, and regret, Annie lives in a decaying seaside town in England, where her partner of convenience, Duncan, immerses himself in the esoterica of an obscure American singer-songwriter, Tucker Crowe, who quit the business twenty years earlier and hasn't been heard from since. When Tucker releases a demo version of his most famous album, "Juliet," Duncan's and Annie's divergent reactions (he loves it, she hates it) pull them apart. Through a series of entertaining if implausible events, Annie and Tucker strike up a friendship. The story is tinged with despair, and though the ending offers little by way of hope, its bittersweet ambiguity lends it maturity.

From [Bookmarks Magazine](#)

Hornby is best known for his riffs on modern (male) love, music, and pop culture. While critics generally praised his newest novel, all agreed that Hornby replays his stock themes without stretching himself as an artist. (But despite his predictability, the *Washington Post* points out: "[W]ho's complaining? After all, we always expect Bruce Springsteen to sound like Bruce Springsteen.") What is new, however, is Hornby's focus on a woman's—Annie's—perspective on relationships and a foray into American culture. And the novel contains Hornby's beloved "sardonic humor and a pitch-perfect knowledge of pop culture and music and the ways they influence us" (*Miami Herald*), as well as marvelous characters and comic, charming moments—exactly why many readers will continue to love Hornby.

## Users Review

From reader reviews:

**Loren Benton:**

Book is usually written, printed, or illustrated for everything. You can understand everything you want by a guide. Book has a different type. As it is known to us that book is important issue to bring us around the world. Close to that you can your reading proficiency was fluently. A e-book Juliet, Naked will make you to end up being smarter. You can feel much more confidence if you can know about almost everything. But some of you think this open or reading a new book make you bored. It isn't make you fun. Why they are often thought like that? Have you searching for best book or suitable book with you?

**Arlene Farrar:**

The reason why? Because this Juliet, Naked is an unordinary book that the inside of the guide waiting for you to snap that but latter it will distress you with the secret the idea inside. Reading this book next to it was fantastic author who also write the book in such amazing way makes the content on the inside easier to understand, entertaining technique but still convey the meaning fully. So , it is good for you because of not hesitating having this nowadays or you going to regret it. This unique book will give you a lot of rewards than the other book get such as help improving your skill and your critical thinking means. So , still want to delay having that book? If I were you I will go to the guide store hurriedly.

**Linda Barefoot:**

Reading a book to be new life style in this yr; every people loves to study a book. When you go through a book you can get a large amount of benefit. When you read books, you can improve your knowledge, mainly because book has a lot of information on it. The information that you will get depend on what forms of book that you have read. If you wish to get information about your review, you can read education books, but if you want to entertain yourself look for a fiction books, these kinds of us novel, comics, and soon. The Juliet, Naked will give you new experience in studying a book.

**Elizabeth Acker:**

Reading a publication make you to get more knowledge as a result. You can take knowledge and information from a book. Book is created or printed or illustrated from each source which filled update of news. In this modern era like now, many ways to get information are available for anyone. From media social including newspaper, magazines, science reserve, encyclopedia, reference book, novel and comic. You can add your understanding by that book. Are you ready to spend your spare time to spread out your book? Or just trying to find the Juliet, Naked when you needed it?
