Beginners can start with a simple trace design. Switch from round to square wire, adapt the chain to a pendant, or use small oval links for a sophisticated look. Transform trace chains into flat-lying curb chains by twisting each link. Or, try distinctively round loop-in-loop pieces. This range of chains really sparkles and shines. “Highly recommended.”—*Library Journal*.

### **Editorial Review**

From Library Journal

Jewelry collections treasure finely crafted chains such as those found throughout this book by Toronto artist Waszek. Step-by-step instructions take the crafter from basic sterling silver wire to the finished chain. A section of general techniques for working with silver precedes the projects for trace chains, curb chains, complex loop-in-loop chains, and fasteners. The finished chains may be worn by themselves or with pendants. Highly recommended for all crafts collections.
