Visual Anatomy & Physiology, Books a la Carte Edition (2nd Edition) By Frederic H. Martini, William C. Ober, Judi L. Nath, Edwin F. Bartholomew, Kevin Petti

NOTE: This edition features the exact same content as the traditional text in a convenient, three-hole-punched, loose-leaf version. Books a la Carte also offer a great value for your students—this format costs 35% less than a new textbook. Before you purchase, check with your instructor or review your course syllabus to ensure that you **select the correct ISBN**. Several versions of Pearson's MyLab & Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition, **you may need a CourseID**, provided by your instructor, to register for and use Pearson's MyLab & Mastering products.

XXXXXXXXXXXXXXXXXXXXXX

Visual Anatomy & Physiology combines a visual approach with a modular organization to deliver an easy-to-use and time-efficient book that uniquely meets your needs—without sacrificing the comprehensive coverage of A&P topics required for careers in nursing and other allied health professions. The **Second Edition** addresses tough physiology topics with new and revised two-page modules and corresponding new Coaching Activities in MasteringA&P®. Brand-new end-of-chapter study and practice materials include a narrative Study Outline and comprehensive Chapter Review Questions. Module Reviews and Section Reviews, appearing throughout each chapter, give you additional tools for learning. In response to the strong demand from A&P instructors, a brand-new *Visual Anatomy & Physiology Lab Manual* uses the same visual approach and modular organization to help you succeed in the lab.

This program presents a better teaching and learning experience by providing:

- **Personalized learning with MasteringA&P:** Become engaged with new “tough topic” Coaching Activities and a wide range of other question and activity types—all automatically graded.

- **A visual approach and modular organization:** The two-page modules seamlessly integrate text and visuals to guide you through complex topics and processes with no page flipping. The addition of new content in select modules gives you a better understanding of physiology.
- **Frequent practice:** Review questions at the end of each module, section, and chapter encourage and support practice. In the **Second Edition**, the Chapter Review includes a new comprehensive Study Outline and new traditional Chapter Review questions. You can continue practicing with MasteringA&P.
- **Learning outcomes that tightly coordinate with teaching points:** The clean one-to-one correspondence between the numbered chapter-opening Learning Outcomes and the numbered two-page modules give you an easy learning path and instructors an easy vehicle for assessment.
- **Streamlined learning in the lab:** The new *Visual Anatomy & Physiology Lab Manual* uses the same visual approach and modular organization to help you succeed in the lab.

Editorial Review

About the Author

Frederic (“Ric”) H. Martini received his Ph.D. from Cornell University in comparative and functional anatomy for work on the pathophysiology of stress. He is currently an affiliated faculty member of the University of Hawaii. Martini is a President Emeritus of the Human Anatomy and Physiology Society (HAPS) after serving as President-elect, President, and Past-president over 2004-2007. Martini's other Pearson titles include:

- **Martini/Nath/Bartholomew, Fundamentals of Anatomy & Physiology**
- **Martini/Nath, Anatomy & Physiology**
- **Martini/Timmons/Tallitsch, Human Anatomy**
- **Martini/Bartholomew, Essentials of Anatomy & Physiology**

William C. Ober received his undergraduate degree from Washington and Lee University and his M.D. from the University of Virginia. While in medical school, he also studied in the Department of Art as Applied to Medicine at Johns Hopkins University. After graduation, Ober completed a residency in Family Practice and later was on the faculty at the University of Virginia in the Department of Family Medicine. He is currently an Affiliate Professor of Biology at Washington and Lee University and is part of the Core Faculty at Shoals Marine Laboratory, where he teaches Biological Illustration every summer. Ober has illustrated every Martini book in every edition.

Judi L. Nath is a biology professor at Lourdes College, where she teaches anatomy and physiology, pathophysiology, medical terminology, and pharmacology. She received her Bachelor's and Master's degrees from Bowling Green State University and her Ph.D. from the University of Toledo. She is a multiple recipient of the Faculty Excellence Award, granted by the college to recognize her effective teaching, scholarship, and community service. She is active in many professional organizations, notably the Human Anatomy & Physiology Society (HAPS), where she has served several terms on the board of directors.

Users Review

From reader reviews:

Donna Beckman:

Playing with family in a park, coming to see the ocean world or hanging out with pals is thing that usually you may have done when you have spare time, then why you don't try issue that really opposite from that. A single activity that make you not sensation tired but still relaxing, trilling like on roller coaster you have been ride on and with addition info.
