Why Vote Leave By Daniel Hannah

Is it time to leave the EU? MEP and award-winning political writer Daniel Hannan argues for a British exit ahead of the coming referendum. Hannan argues that the EU is past its sell-by date, rendered obsolete by technological advances, has been shrinking economically, and is less relevant to our economic needs than ever. He shows that any renegotiation is doomed to fail: the EU can't reform, can't be democratic, and can't be divorced from its goal of ever-closer political union. Staying in does not mean staying the same and a vote to leave—far from being the risky choice—is actually the safe one. Finally Hannan demonstrates that Britain doesn't have to stay in the EU to remain at the heart of Europe and considers the global role a confident nation freed from EU strictures could play.

Editorial Review

Review

'Confused about the EU referendum? In the dark about which way to vote? Daniel Hannan's invaluable vade mecum will illuminate the whole question, showing why voting to leave is a leap back into the light' Boris Johnson. 'This powerful, intelligent, hard-hitting, well-written and - considering the subject matter - mercifully short book is absolutely required reading for every Briton who is considering voting on 23 June, whichever side they presently think they support' Professor Andrew Roberts. 'Before voting in this historic referendum you should read this brilliant book. If you've decided to vote Leave this will enthuse you, if you're not yet sure, it will convince you' Michael Gove. 'A "must read" for anyone who is surprised that so many of us now want to leave the EU' Lord Owen. 'I defy anyone who is undecided on the EU to read this book and not be a convinced Leaver. The case against EU membership is not Left-wing or Right-wing: it's democratic. Daniel Hannan shows how bright the UK's future will be once we leave behind the corporatist racket in Brussels' Kate Hoey. 'The perfect book for someone who wants to hear a calm, clear set of reasons for leaving the EU' Baroness Jones. 'When it comes to the EU Dan Hannan has forgotten more than most people ever knew. He knows it from the inside, deep inside. He knows the venality, the incompetence, the bloated budgets and salaries, the many failures cynically covered up. He knows the staggering sums dragged from the pockets of the British taxpayer and the miserable return we get from them. The Brussels-worshipping brigade would be very wise not even to try to contest the points he makes in this book. For the rest of us it's an eye-opener' Frederick Forsyth. 'The case against the EU should be made in positive, optimistic and internationalist terms. Daniel Hannan has done us a favour by making the democratic and economic case for independence. If you're undecided, this book might surprise you' Helena Morrissey. 'By far the best book setting out all European issues in topical form' Charles Moore, The Daily Telegraph. 'The best book on the subject of the big decision Britons have to face on June 23' (5 stars) Weekend Sport. 'An easy read and well argued' The Sunday Times. 'Swithers should read Hannan's polemic to help them make up their minds. Determined Brexiters at risk of anyone thinking their opinion matters should read it to help them next time their dinner party turns into a debate. And those planning to vote Remain? They should have it so that, if they win, they can take it down from their shelves in about ten years' time to help them figure out just what went wrong' The Spectator.

About the Author

Daniel Hannan has been Conservative MEP for South East England since 1999. His speech against Gordon Brown in 2010 is the most watched political video in Britain ever.

Users Review

From reader reviews:

Enrique Myers:

Reading a publication tends to be new life style on this era globalization. With examining you can get a lot of information that will give you benefit in your life. Together with book everyone in this world can certainly share their idea. Ebooks can also inspire a lot of people. A great deal of author can inspire their reader with their story or maybe their experience. Not only the storyline that share in the guides. But also they write about the data about something that you need example of this. How to get the good score toefl, or how to teach your children, there are many kinds of book that you can get now. The authors in this world always try to improve their talent in writing, they also doing some analysis before they write with their book. One of

them is this Why Vote Leave.

Chad West:

Your reading 6th sense will not betray an individual, why because this Why Vote Leave e-book written by well-known writer we are excited for well how to make book which might be understand by anyone who have read the book. Written inside good manner for you, dripping every ideas and publishing skill only for eliminate your current hunger then you still doubt Why Vote Leave as good book not only by the cover but also by the content. This is one guide that can break don't assess book by its deal with, so do you still needing one more sixth sense to pick this particular!? Oh come on your reading through sixth sense already alerted you so why you have to listening to an additional sixth sense.

Minerva Garrison:

Many people spending their moment by playing outside along with friends, fun activity with family or just watching TV the whole day. You can have new activity to shell out your whole day by studying a book. Ugh, ya think reading a book can definitely hard because you have to use the book everywhere? It ok you can have the e-book, having everywhere you want in your Cell phone. Like Why Vote Leave which is keeping the e-book version. So , why not try out this book? Let's notice.

Tara Reynolds:

Do you like reading a reserve? Confuse to looking for your best book? Or your book had been rare? Why so many problem for the book? But any people feel that they enjoy intended for reading. Some people likes reading through, not only science book but novel and Why Vote Leave as well as others sources were given knowledge for you. After you know how the good a book, you feel need to read more and more. Science guide was created for teacher as well as students especially. Those ebooks are helping them to add their knowledge. In other case, beside science e-book, any other book likes Why Vote Leave to make your spare time more colorful. Many types of book like this.
