An Introduction to Islamic Philosophy By Massimo Campanini

This broad and comprehensive introduction presents a reading of Islamic philosophy as it evolved in the Middle Ages, investigating how Islamic philosophers thought and what they thought about. Divided into two parts, the first explores the epistemological foundations of Islamic philosophy and discusses the most important and penetrating interpretative paradigms proposed by the philosophers; the second part describes some of their major themes. Each chapter is organised chronologically and geographically, providing the reader with a lucid profile of the evolution of Islamic philosophical thought, with reference to the broader framework of Islamic history. Throughout the author includes extracts of translations from primary sources, allowing the philosophers to speak for themselves. Rather than offering a complete history of the subject, the author aims to stimulate the reader to pursue the themes he outlines in the book: the ideas that were consistently the object of philosophical speculation among M

Editorial Review

Review

Campanini's book achieves everything that a good introduction to Islamic Philosophy should achieve, and more. It is commendable for its clarity, sound argumentation, sensible organisation, and brevity. Its treatment of the relationship between philosophy and Islami - which defines this philosophical tradition - truly makes the book shine. The reader will close this short book with a firm understanding of what Islamic philosophy is at its core, a healthy appreciation for the Islamic philosophical tradition, and a desire to explore it further. -- W. Craig Streetman, University of Kentucky in Journal of Shi's Islamic Studies Vol II No. 4 (2009)

Campanini's book achieves everything that a good introduction to Islamic Philosophy should achieve, and more. It is commendable for its clarity, sound argumentation, sensible organisation, and brevity. Its treatment of the relationship between philosophy and Islami - which defines this philosophical tradition - truly makes the book shine. The reader will close this short book with a firm understanding of what Islamic philosophy is at its core, a healthy appreciation for the Islamic philosophical tradition, and a desire to explore it further.
