How to Interpret History By Ron Hayhurst

History is indeed a mystery. Even the Bible refers to history this way. Differing interpretations of historical events abound as the past is subjected to scrutiny by archeologists, anthropologists, theologians, educators, historians, politicians, authors and film directors, not to mention each of us as individuals. All of this contributes to the mystery already inherent in the events. But...once we know what to look for in the pages of history, it's a different story. For those who find history confusing, *How to Interpret History* is offered as relief. This handbook offers a biblical framework of revealed and intended principles for interpreting history. It seeks to answer the common criticism that we often cannot see the forest for the many trees. Furthermore, the principles offered here will help the reader interpret the economic, political and cultural globalization that is occurring before our very eyes. So much of the typical storyline of history seems far removed and totally unrelated to that of the Bible. Does this mean there is no connection? Is the Bible storyline irrelevant? Do we really believe God is providentially involved in human affairs? Is God in control of the events that are happening in the world? Are His purposes discoverable? Are we sure God, the Creator of all things, intends for us to unravel the tapestry of history? If so, what tools do we have to discover the answers to these questions? This handbook seeks to show the inseparable nature of interpretation and definition of history, provide common viewpoints to the historical record, identify power groups, discuss the will and purpose of God in history, explore five biblical principles for interpreting history, and offer four essentials to good government demonstrated in history. You will find this reading experience to be a doorway to understanding history, modern politics, nation making, and the Bible. Enjoy the adventure of discovery within these pages.

Editorial Review

Users Review

From reader reviews:

Keith McLeod:

Nowadays reading books are more than want or need but also work as a life style. This reading habit give you lot of advantages. Associate programs you got of course the knowledge even the information inside the book that will improve your knowledge and information. The info you get based on what kind of guide you read, if you want send more knowledge just go with training books but if you want truly feel happy read one along with theme for entertaining such as comic or novel. Typically the How to Interpret History is kind of book which is giving the reader unpredictable experience.

Carl Strum:

Playing with family in a very park, coming to see the sea world or hanging out with buddies is thing that usually you could have done when you have spare time, after that why you don't try point that really opposite from that. One particular activity that make you not sense tired but still relaxing, trilling like on roller coaster you have been ride on and with addition of knowledge. Even you love How to Interpret History, you can enjoy both. It is very good combination right, you still would like to miss it? What kind of hang-out type is it? Oh can happen its mind hangout fellas. What? Still don't have it, oh come on its called reading friends.

Matthew Coleman:

As a university student exactly feel bored in order to reading. If their teacher requested them to go to the library in order to make summary for some guide, they are complained. Just minor students that has reading's soul or real their passion. They just do what the educator want, like asked to the library. They go to presently there but nothing reading really. Any students feel that reading is not important, boring as well as can't see colorful pictures on there. Yeah, it is being complicated. Book is very important for you. As we know that on this era, many ways to get whatever we would like. Likewise word says, many ways to reach Chinese's country. Therefore this How to Interpret History can make you sense more interested to read.

Helen Leavitt:

What is your hobby? Have you heard in which question when you got pupils? We believe that that concern was given by teacher on their students. Many kinds of hobby, Everyone has different hobby. And also you know that little person including reading or as reading become their hobby. You need to know that reading is very important and also book as to be the issue. Book is important thing to provide you knowledge, except your personal teacher or lecturer. You get good news or update regarding something by book. Numerous books that can you choose to use be your object. One of them is this How to Interpret History.
