### Statecraft: Strategies for a Changing World By Margaret Thatcher

In *Statecraft*, Margaret Thatcher, a unique world figure, discusses global military, political, and economic challenges of the twenty-first century. The former British Prime Minister brings her unrivaled political experience to comment on the threats that democracy faces at the dawn of the new millennium and the role Western powers should play in the world's hotspots, especially in the aftermath of September 11, 2001.

Reflecting on the lessons of the Cold War, she outlines the foundation of U.S. dominance and its mission as the only global superpower. Thatcher offers wise observations about the dangers posed by Balkan instability, rogue states, Islamic extremism, and international terrorism -- and suggests strategies to counter them. She also examines current trends in Russia, China, India, the Far East, Europe and Great Britain, and offers guidance for the future. Noting how every contemporary problem evokes demands for a global solution, Thatcher also warns of over-reliance on international institutions at the expense of nation states. *Statecraft* is an incisive treatise on power in the age of globalism, written by a legendary world statesperson with a matchless combination of principles, experience and shrewdness.

### Editorial Review

#### Review

“Impressive...powerful and compelling (Scotland on Sunday)

“Provocative...fascinating.” (Birmingham Post)

“Salutary reading.” (Los Angeles Times)

“Lucid and direct.” (Omaha World-Herald)

#### About the Author

Margaret Thatcher became Britain's first woman Prime Minister in 1979, a post she held for eleven and a half years. She was leader of the Conservative Party for fifteen years, from 1975 to 1990. She was the only British Prime Minister of the twentieth century to win three consecutive general elections. Her partnership with President Ronald Reagan was the driving force of a conservative revolution that transformed the political landscape of the West, achieved a crushing defeat of Communism, and so brought liberty and prosperity within the grasp of millions who had never known them.

Since leaving office, Mrs. Thatcher has written two volumes of memoirs -- *The Downing Street Years* and *The Path to Power*. She has traveled extensively in America, Europe and Asia, delivering lectures on international issues and keeping in touch with world leaders. She also plays a continuing role in British political affairs.
