Transformations: Women, Gender and Psychology (B&B Sociology) By Mary Crawford

This groundbreaking text presents a framework for understanding how the lives of all people are shaped by gender. Instead of presenting gender as a collection of individual traits, *Transformations* presents gender as a social system that is used to categorize people and is linked to power and status. Mary Crawford's readable and lively style, and her presentation of a balance of classic and cutting-edge research, provide an engaging overview of the psychology of women and gender.

Instructors and students can now access their course content through the Connect digital learning platform by purchasing either standalone Connect access or a bundle of print and Connect access.
