Editorial Review

Review

"A major postgraduate textbook in emergency medicine. A comprehensive textbook of adult emergency medicine for trainee doctors - covers all the problems likely to present to a trainee in the emergency department and all problems that are less likely to present in the emergency department. Chapters are short and concise with text boxes featuring controversial areas of treatment. I truly love this book; if emergency medicine is your interest then this book comes highly recommended." *3rd Year medical student, Edinburgh University, July 2004*

About the Author

Professor Tony Brown has written extensively in the medical literature, including a bestselling handbook on emergency medicine now in its seventh edition. He holds a conjoint academic teaching appointment at the University of Queensland School of Medicine, works full-time in clinical emergency medicine and is immediate past Editor-in-Chief of Emergency Medicine Australasia. He was awarded the inaugural Teaching Excellence Award 2001 at the Australasian College for Emergency Medicine; the Excellence in Clinical Teaching Award 2001 at the Royal Brisbane Hospital; and the Outstanding Teaching Award 2015 at the Royal Brisbane Clinical School, University of Queensland School of Medicine.

Users Review
