Editorial Review

Amazon.com Review

When teenagers Lina Mayfleet and Doon Harrow lead their people up out of the Earth, fleeing their dying underground city of Ember, everything is new and a little frightening to the refugees--the sun and the moon, birds, trees, fire...and the people of Ember are strange to the 322 citizens of Sparks, one of the few towns on Earth to survive the time of The Disaster. How can they feed and house the 400 Emberites, the leaders of Sparks wonder, when they have just begun to be able to feed themselves comfortably? But if they don't, these underground people with no survival skills will surely die in the wastelands. They take them in as best they can, but grumbling and bad feeling grows on both sides. Lina returns from a failed search for her persistent vision of a city of light to find the town, egged on by the power-hungry young thug Tick, once again at the point of war, forgetting how the Earth has been destroyed before. But Lina has seen the devastation left by The Disaster, and so she risks a brave move of reconciliation, and when Doon exposes Tick's trickery, the two sides join as the new people of Sparks.

In this exciting and solidly constructed sequel to *The City of Ember*, Jeanne DuPrau moves the story on entrancingly, bringing along her cast of characters from underground and adding new dimensions and relationships as the action escalates to a satisfying conclusion that still allows for further volumes in this fine fantasy. (Ages 10 to 14) --Patty Campbell

From School Library Journal

Grade 4-9-In this sequel to *The City of Ember* (Random, 2003), DuPrau continues the adventures of Lina and Doon, who have led the 400 residents from the underground city of Ember to the unfamiliar world above. The refugees are tentatively welcomed, housed, and fed by the people of Sparks, located near the wasteland left by the long-ago Disaster that destroyed most of civilization. Conflicts arise between the two groups, mainly due to the differences between the sheltered, electric-powered life in Ember and the low-tech, farming-based existence in Sparks. As conflicts and violence escalate, Lina explores the wasteland and Doon finds himself caught up in the rhetoric of the militaristic and charismatic Tick. A dramatic conclusion brings the characters together and gives hope for the future of both groups, resolving the current conflicts but leaving room for future adventures. While remaining true to her characters and the building tension of the story, DuPrau clearly explores themes of nonviolence and when to stand up for oneself. The text smoothly involves new readers and fans of the first story, creating a range of three-dimensional characters in both the Ember and Sparks groups. While less gritty and mechanical than Philip Reeve's *Mortal Engines* (HarperCollins, 2003), and more interpersonal than Lois Lowry's *The Giver* (1993) and *Gathering Blue* (2000, both Houghton), this title will hold a similar appeal for readers who enjoy speculative fiction. This novel will make them stop and think, and its immediacy and drive make it a good choice for even reluctant readers.

Gr. 5-7. In this engrossing sequel to *The City of Ember* (2003), young Doon and Lina have led more than 400 people from the underground city of Ember to Earth's surface, where they find the hardscrabble town of Sparks and ask for help. Everything is strange and fascinating to the Emberites, and while the people of Sparks feel overwhelmed by the sheer number of the newcomers, they agree to help them as best they can. Things seem to go smoothly for a while, and then tempers rise: the Emberites feel overworked and under fed, and the Sparks inhabitants feel put upon for having to share their few resources. The tension grows until

violence threatens to break out. Once again, Doon and Lina play a large role in events. DuPrau develops the growing distrust between the two groups in a natural manner and convincingly portrays the Emberites' struggle to adapt to so much that is completely new to them. A satisfying follow-up to the first book. *Sally Estes*
