### **Cannabis Indica Volume 3: The Essential Guide to the World's Finest Marijuana Strains** From Green Candy Press

Cannabis plants are classified into two main groups: Indica and Sativa. This book focuses on Cannabis Indica, a bushier and heavier plant that produces a smoke that famously induces (among other highs) a desire to sit quietly on the couch and relax. This is the latest book in the bestselling series focusing on the Cannabis Indica plant, the most popular type of marijuana in the United States due to its growth patterns and intense physical effects.

No other strain guide series has looked at Cannabis Indica in such depth before, and readers across the USA are desperate for more. Featuring 100 strains of amazing Indica-dominant genetics and a dazzling array of skilled breeders, this book is a must-have for pot enthusiasts, pot growers, and pot connoisseurs, new and old alike.

**Cannabis Indica, Volume 3** features genetics from the world's greatest seed breeders, and showcases strains from such varied countries as Britain, Holland, Canada, Russia, Spain, Switzerland, Germany, Belgium, France, Afghanistan, Pakistan, India, Australia and the USA. No other guide series features this many emerging seed breeders, as well as established cannabis genetics companies. Cannabis Indica is the latest book in the must-have series for connoisseurs and growers looking to expand their knowledge about the plant, and the genetics in their gardens.

Featuring classic Indica strains, such as Pure Kush, Bubba Kush, Hash Plant and Romulan, **Cannabis Indica, Volume 3** also introduces fascinating brand new, never-before-seen varieties from previously unknown seed breeders. The book also features multiple strain variations on Hindu Kush — America's best selling cannabis strain — adored by growers and smokers alike.

Filled with hundreds of beautiful full-color images, this book is ideal for every grow room, dorm room, and living room. Each plant is discussed in detail, with accurate information on genetics and lineage so that readers can become experts on Cannabis Indica strains — their aromas, flavors, potency, THC content,

medical potentials and growth patterns.

**Cannabis Indica, Volume 3** is a true resource for the Cannabis community, providing useful information to enthusiasts and invaluable insights to the seed-buying public. This series is a true reflection of the global marijuana seed breeding movement and it is completely up-to-date, a quality that cannabis enthusiasts place a high value on. Strains were selected based on their relevance to the current market and the strength of their genetics. There are no advertisements in the book and no one paid to be included. Chief editor, bestselling author S.T. Oner, carefully selected all strains based on merit, not advertising dollars. This grassroots philosophy has resulted in the previous volumes in the series selling thousands of copies.

With an introduction by SKUNK Magazine's cultivation editor and breeding guru The Rev, the bestselling author of **True Living Organics: The Ultimate Guide to Growing All-Natural Marijuana Indoors**, discussing his views on the Cannabis Indica plant, as well as its growth patterns, genetic tendencies, breeding potential and smokeability, this book is every true cannabis enthusiast's dream.

### Editorial Review

#### Review

"The information found within the pages of this book is invaluable to connoisseurs, enthusiasts, growers, patients and vendors alike. This is a perfect resource guide for those looking to identify specific strains, helping them zero in on the best cannabis..." — R.J. Villa writing for NUG Magazine, December 2011

"**Cannabis Indica** is set to become the must-have book for connoisseurs and growers..." — Releaf Magazine, January 2012

"...a good representation of the true global cannabis community." — SKUNK Magazine, Volume 7, Issue 3, September 2011

"The Bigger, Better Book of Buds!" — Marijuana Hillbilly Magazine, November 2011

"Filled with hundreds of full-color photographs." — iSmokeMag, December 2011

"...hands down the best identification guide for the current Indica strains...my only complaint here is that each page did not contain a scratch and sniff sticker!" — Cynthia Brown for Med Times Magazine, January 2012

"...looks f\*\*king great man!" — Essensie Magazine, March 2012

"The book is a nice collection of strains with photos and information about each. Flip through it to find varieties to add to your wish list, learn about some of the current strains available today, or just drool over the nice bud porn." — Grubbycup Stash, Soft Secrets Magazine, December 2011

"Yeah, I've been in touch with the Stoner, loved his book." — Mel Thomas, author of Cannabis Cultivation

"...a well-designed reference book for cannabis enthusiasts and lovers of variety." — Hanf Journal, October 2011

"The biggest strain guide ever published!" — Weed World Magazine, October 2011

"The book was great!" — R. Cook, Culture Mag, January 2012

"A great coffee table book for stoners, and growers alike, I would recommend this for anyone who wants to drool over some amazing Marijuana Strains." — Growersbook.com

#### About the Author

S. T. Oner is the best-selling author of Marijuana Outdoor Grower's Guide and Marijuana Chef Cookbook, both bestsellers in the genre and published by Green Candy Press. He is also the editor of Cannabis Indica: The Essential Guide to the World's Finest Marijuana Strains, Volume I and Cannabis Sativa: The Essential Guide to the World's Finest Marijuana Strains, Volume I, both of which have gone on to become classics in the marijuana strain guide genre.

The Rev is the cultivation editor of SKUNK Magazine and the author of the top-selling organic marijuana cultivation guide True Living Organics: The Ultimate Guide to Growing All-Natural Marijuana Indoors.

### Users Review

#### From reader reviews:

#### George Nygaard:
