Globalization: A Critical Introduction By Jan Aart Scholte

A systematically revised and updated new edition of a highly acclaimed text which was an immediate bestseller on courses around the world. The second edition takes a broader perspective giving increased coverage of other dimensions of globalization alongside its core focus on the rise of suprateritoriality which, the author argues, is globalization's most distinctive feature.

Editorial Review

Review

"[An impressive analysis of contemporary globalization that convincingly demonstrates why superterritoriality needs to be taken more seriously in the academy and beyond." -- Tony McGrew, *New Political Economy*

"[Superb...[The theoretical perspective works! It informs! It clarifies! It stimulates!...This is a book that can serve as an introductory text in all fields. It is the kind of work that can help promote movement in the direction the academy, its classrooms, and its research centers should be going: toward the unity of knowledge in a world ever more tied together by nonterritorial processes, structures, and norms." -- James N. Rosenau, *International Studies Review*

"Do we need another book on globalization? Jan Aart Scholte is modest enough to pose this question, but his text is a plausible riposte. What we get in here is the most accessible textbook yet produced... Scholte's book is the best available version of the globalization paradigm." -- Martin Shaw, *Millennium*

Review

Reviews of previous edition:

'[S]uperb...[T]he theoretical perspective works! It informs! It clarifies! It stimulates!...This is a book that can serve as an introductory text in all fields. It is the kind of work that can help promote movement in the direction the academy, its classrooms, and its research centers should be going: toward the unity of knowledge in a world ever more tied together by nonterritorial processes, structures, and norms.' - James N. Rosenau, *International Studies Review*

'Do we need another book on globalization? Jan Aart Scholte is modest enough to pose this question, but his text is a plausible riposte. What we get in here is the most accessible textbook yet produced: this book can be recommended to students with confidence that here is a coherent view of globalization that can be tested against other arguments and information...Scholte's book is the best available version of the globalization paradigm.' - Martin Shaw, *Millennium*

'[A]n impressive analysis of contemporary globalization that convincingly demonstrates why superterritoriality needs to be taken more seriously in the academy and beyond.' - Tony McGrew, *New Political Economy*

'...offers a full menu for all those students, scholars and policy makers alike, who are interested in or puzzled about the nature of globalization and the major issues related to policy making in an increasingly globalized world.' - Wil Hout, *Development and Change*

About the Author

JAN AART SCHOLTE is Professor of Politics and International Studies, and Co-Director for the Study of Globalisation and Regionalisation, University of Warwick, UK.

Users Review

From reader reviews:

Anthony Tipton:

People live in this new time of lifestyle always aim to and must have the extra time or they will get large amount of stress from both everyday life and work. So , whenever we ask do people have extra time, we will say absolutely yes. People is human not just a robot. Then we request again, what kind of activity are you experiencing when the spare time coming to an individual of course your answer can unlimited right. Then ever try this one, reading books. It can be your alternative in spending your spare time, the particular book you have read will be Globalization: A Critical Introduction.

Anne Hernandez:

Your reading sixth sense will not betray you actually, why because this Globalization: A Critical Introduction e-book written by well-known writer who knows well how to make book which can be understand by anyone who also read the book. Written within good manner for you, still dripping wet every ideas and composing skill only for eliminate your personal hunger then you still question Globalization: A Critical Introduction as good book not just by the cover but also by the content. This is one reserve that can break don't determine book by its include, so do you still needing one more sixth sense to pick this kind of!?
