## Xealots: Defying the Gravity of Normality By Dave Gibbons

We thirst for purpose, clarity, fulfillment and direction in our lives. How do we go about sorting through all the self-help books, talks and seminars? The common, normal solutions to navigating life are focused on strengths, gifts, and passion. The reality is quite contrarian to what seems to make sense. The revelations is found in the divine fingerprints of all that we are: our life story, what energized and de-energizes us, our rhythms, and even our pain and weaknesses. It's a different way of approaching clarity of life.

At the heart of this book is the understanding that a life filled with passion is radically different than what many of us have been taught. Often it's not in the how do we find life but a commitment to a passionate pursuit. Neurologically, if we ask the question how our brains can't tap the new domains, our brains resorts to typical default solutions that are often inadequate. The way to live life to its fullest is found in abnormal rhythms and principles, that have the tension of questions more than answers. It's a place where strategy is important but an ethos where relationships trump vision. The way we are invited to live life to its fullest is found with a contrarian set of beliefs, values and questions. It's not about quick fixes and simplistic "solutions."

God works through our weaknesses and our failures. Real vision is found through relationships with God and with other people. Obedience is better than passion. These contrarian concepts have been presented and tested in many business and non-profit settings, including Willow Creek's Leadership Summit where Dave gave a keynote address.

The tone of this book was established as Dave thought about what he would want to share with his four third culture children and future leaders. It was Dave's heart that they would walk a life where they experienced life to it's fullest, exploring the new and old domains of world that is constantly changing.

### Editorial Review

#### From the Back Cover

What does Jesus mean when he promises 'life to the full'? Like many Christians, author Dave Gibbons thought 'life to the full' meant just the positives -- a life full of joy and happiness. After all, isn't that what we're taught in seminars, in self-help books, and even in psychological assessments to ascertain who is -- and is not -- a 'good fit'? We look for people with lots of successes and strengths, don't we? Gibbons' own beliefs on the subject were rocked when he took a long, hard, honest look at his own life and realized it was his failures that made him who is today. So he went back to the Scriptures, and kept his eyes open to truly see the people around him. That's when he made a shocking discovery: when we embrace the painful areas of our lives we see the miracle that can happen when God redeems these areas of weakness and makes them beautiful. 'Now I see that 'life to the full' means a life that is open to all the colors and flavors of the human experience, the ability to feel with a fully alive heart, whether it's in times of joy or pain.' Xealots offers a refreshing new look at what it means to be fully human. This uplifting book enables you to transform your own 'failures' into success in God's eyes so that you can serve him with all that you are.

#### About the Author

**Dave Gibbons** is crazy about his beautiful, misfit family in New York City, Irvine, Los Angeles, Southeast Asia, China, India, Seoul, Mexico City, London, and Brazil. He's a creative, futurist, activist, and strategist. Dave serves as an adviser to artists, business persons, and community development specialists throughout the world. He also is the Lead of a global alliance of churches and networks. He has written an award-winning book on culture and leadership called *The Monkey and the Fish*. ### Users Review

#### From reader reviews:

##### **Wanda Legros:**

As people who live in typically the modest era should be upgrade about what going on or details even knowledge to make all of them keep up with the era and that is always change and progress. Some of you maybe will update themselves by examining books. It is a good choice for you but the problems coming to you is you don't know which one you should start with. This Xealots: Defying the Gravity of Normality is our recommendation to make you keep up with the world. Why, since this book serves what you want and want in this era.

##### **William Leighty:**

This Xealots: Defying the Gravity of Normality is new way for you who has intense curiosity to look for some information as it relief your hunger info. Getting deeper you on it getting knowledge more you know or you who still having tiny amount of digest in reading this Xealots: Defying the Gravity of Normality can be the light food for you because the information inside this particular book is easy to get by anyone. These books create itself in the form and that is reachable by anyone, yep I mean in the e-book web form. People who think that in e-book form make them feel tired even dizzy this guide is the answer. So there is not any in reading a guide especially this one. You can find what you are looking for. It should be here for you actually.

So , don't miss that! Just read this e-book variety for your better life and also knowledge.

### **David Shields:**

As we know that book is significant thing to add our understanding for everything. By a reserve we can know everything we really wish for. A book is a group of written, printed, illustrated or blank sheet. Every year ended up being exactly added. This book Xealots: Defying the Gravity of Normality was filled about science. Spend your spare time to add your knowledge about your scientific disciplines competence. Some people has diverse feel when they reading some sort of book. If you know how big selling point of a book, you can feel enjoy to read a publication. In the modern era like currently, many ways to get book that you wanted.

### **Francis Lopez:**

As a pupil exactly feel bored for you to reading. If their teacher requested them to go to the library or to make summary for some book, they are complained. Just minor students that has reading's internal or real their pastime. They just do what the instructor want, like asked to go to the library. They go to generally there but nothing reading seriously. Any students feel that examining is not important, boring as well as can't see colorful photos on there. Yeah, it is for being complicated. Book is very important to suit your needs. As we know that on this period, many ways to get whatever we would like. Likewise word says, ways to reach Chinese's country. Therefore , this Xealots: Defying the Gravity of Normality can make you really feel more interested to read.
